### **Who We Are**

GRG provides infrastructure and services for all forms of solid, hazardous, liquid, and inert waste in large and small economies, be they from public or commercial sources, with the aim of diverting waste from landfill and maximising the sustainability credentials of all waste streams it receives. Today, the GRG group employs over 200 people and operates in Guernsey, Jersey, the Cayman Islands and the UK, and has become a UK market leader for hazardous and specialist waste. All operating companies in the UK are owned by GRG Waste UK, a subsidiary of the parent company GRG, and is made up of 5 companies, including BKP Waste & Recycling, Greenway Environmental, Chloros Environmental, Novum Waste Recycling, and Diverse Waste Solutions, that work in unison to offer a wide range of services.

Greenway are experts in the hazardous waste industry, handling a wide range of hazardous and non-hazardous waste streams, including corrosive liquids, paints and solvents, contaminated rags, oil sludge and filters, aerosols, oxidisers, WEEE and resins. Greenway operates a Total Waste Management division which offers a full-service solution from site visits and sampling to container supply and transportation. Greenway pride themselves in offering industry-leading response times for their services and turning waste into energy, through innovative and sustainable solutions.
