

Job Role: LTP Supervisor

Location: Romsey

Job Type: Full time

Who We Are

GRG provides infrastructure and services for all forms of solid, hazardous, liquid, and inert waste in large and small economies, be they from public or commercial sources, with the aim of diverting waste from landfill and maximising the sustainability credentials of all waste streams it receives. Today, the GRG group employs over 200 people and operates in Guernsey, Jersey, the Cayman Islands and the UK, and has become a UK market leader for hazardous and specialist waste. All operating companies in the UK are owned by GRG Waste UK, a subsidiary of the parent company GRG, and is made up of 4 companies, including BKP Waste & Recycling, Greenway Environmental, Chloros Environmental, and Novum Waste Recycling, that work in unison to offer a wide range of services.

BKP Waste & Recycling is a regional company with national group capabilities in environmental services since 1964, championing the circular economy and creating a more sustainable environment. We manage all kinds of environmental projects in a sustainable manner by creating new raw materials and energy from waste. We provide an unparalleled safety and quality standard service to companies in all industries, from oil and gas, petrochemicals, aerospace, and local authorities, requiring experienced waste management professionals across the UK.

We are looking for an experienced, highly motivated, hands-on supervisor to oversee the Liquid Treatment Plant. This position requires manual handling and lifting, and working in all weathers.

Main duties and responsibilities

- Ensure that all Health and Safety procedures and policies are adhered to at all times, including reporting near misses and contributing to positive Health and Safety culture.
- Maintain and promote good House Keeping standards throughout the site at all times.
- Assist the general manager/chemists with the organisation of the site and resources, including staff.
- Ensure all operatives carry daily checks on plant and equipment and record the findings.
- Operate forklift truck as required, including but not limited to loading and unloading vehicles, moving packaged materials around the site and assisting with re-packing and bulking activities.
- Ensure the off-loading pits are maintained and emptied as required, operate the clarifier as needed and ensure all pipework is operational.
- Operate the weighbridge and ensure all relevant information is recorded on the operating system.

- Promoting and delivering excellent customer service to external customers and suppliers.
- Comply with any other reasonable request from their line manager to assist in the efficient running of the Business.
- To undertake additional tasks or duties from time to time as necessary to meet the needs of the business.
