

**Job Role:** Technical Assessor

**Location:** Romsey, Hampshire

**Job Type:** Full time, permanent

### **Who We Are**

**GRG** provides infrastructure and services for all forms of solid, hazardous, liquid, and inert waste in large and small economies, be they from public or commercial sources, with the aim of diverting waste from landfill and maximising the sustainability credentials of all waste streams it receives. Today, the GRG group employs over 200 people and operates in Guernsey, Jersey, the Cayman Islands and the UK, and has become a UK market leader for hazardous and specialist waste. All operating companies in the UK are owned by GRG Waste UK, a subsidiary of the parent company GRG, and is made up of 5 companies, including BKP Waste & Recycling, Greenway Environmental, Chloros Environmental, Novum Waste Recycling, and Diverse Waste Solutions, that work in unison to offer a wide range of services.

**BKP Waste & Recycling** is a regional company with national group capabilities in environmental services since 1964, championing the circular economy and creating a more sustainable environment. We manage all kinds of environmental projects in a sustainable manner by creating new raw materials and energy from waste. We provide an unparalleled safety and quality standard service to companies in all industries, from oil and gas, petrochemicals, aerospace, and local authorities, requiring experienced waste management professionals across the UK.

### **Main duties and responsibilities**

Working between the technical assessor and commercial team to ensure all the relevant pre-acceptance paperwork / sampling has been completed. Responsibilities include:

#### **Waste Assessment & Compliance:**

- Follow site pre-acceptance, sampling, and compatibility procedures (per WM3) to technically assess waste enquiries, ensuring that pre-acceptance information is complete and available.
- Ensure that sufficient information, including samples where required, is provided to facilitate accurate assessment.
- Ensure that all relevant waste-related information is logged on the system for quoting, transport, and acceptance.

#### **Route & Disposal Management:**

- Understand site processing capabilities (both physical and operational) to enable correct routing of waste.
- Identify and recommend suitable disposal routes for both packaged and bulk waste.
- Ensure compliance of all waste quotes with site permits and waste management licences, adhering to strict KPI targets.

#### **Sample Analysis & Documentation:**

- Liaise with internal and external laboratories for sample analysis and waste acceptance as needed.

#### **System Accuracy & Non-Compliance Resolution:**

- Ensure that all waste loads are accurately priced and communicate any non-conformances to the sales team.
- Provide pragmatic advice and solutions to resolve non-compliance issues and prevent reoccurrence.

#### **Cross-Departmental Collaboration:**

- Liaise closely with the Sales and Operational teams to ensure smooth and efficient operations.
- Advise on transport, labelling, and consignment note requirements for waste shipments.
- Administration relating to customer accounts, invoicing support, queries
- Booking in material with BKP Operations / Transport as appropriate & third-party companies as required ensuring that the customer receives a fluid service
- Any other reasonable duties requested by senior management

#### **About you**

- HNC in chemistry or related subject is essential
- Previous hazardous waste experience is preferred
- Someone with strong communication skills, attention to detail, can-do attitude, team player, and a problem solver

Ongoing training is provided

#### **About the role**

- Monday to Friday 8am to 5pm
- 21 days holiday rising by one day for each completed calendar year of service up to a maximum of 25 days, plus Bank Holidays
- Pay from £27,000.00 per year

#### **What we can offer you**

- Private medical insurance
- Private dental insurance
- Health and wellbeing programme
- Company pension
- Free parking
